This report is typed by Det. Steve Delie assigned to CIB, late shift, Metro division. On Sun 07-29-12 at 12:00am, I, Det. Delie, Sq 9564, was instructed by Lt. Jeff Norman to respond to the scene of a sudden death and assist in the investigation there.

During the investigation, I did interview Edward W. Bogard, W/M, 02-26-88, regarding what he observed. This interview was conducted in my squad car at 1:30am.

Bogard stated he is assigned to Paratech 108 and is an EMT there. Bogard stated he has been an EMT for 3 years and has worked for Paratech for about three months. Bogard stated he works out of 6741 W. Industrial Rd ph# 262-749-6347.

Regarding the incident, Bogard stated he was working with Maria Gaenslen on Paratech 108 when they got a dispatch call at about 10:20pm. Bogard stated they were dispatched to a battery/prisoner with laceration to the head in MPD custody at 5734 N. 94th St. Bogard stated he was the passenger and Gaenslen the driver.

Bogard stated upon their arrival, he observed the prisoner, (identified as John Kriewaldt), laying on his stomach (prone position) on the west side of N. 94th St on the lawn. Bogard stated the prisoner had handcuffs on. Bogard stated he noticed a laceration on the prisoner's head.

Bogard stated he checked for a pulse on Kriewaldt, which he detected. Bogard stated he observed Kriewaldt breathing at this time as well.

Bogard stated the larger officer explained the prisoner was combative upon their arrival, had banged his head on the door several times while in the squad and was removed from the squad for his own safety. Bogard stated the larger officer was standing near Kriewaldt. Bogard stated he observed vomit around the prisoner's mouth.

# Incident Report MILWAUKEE POLICE DEPT

Supplement No  
0006

## Supplement

Bogard stated he placed a blood pressure cuff on Kriewaldt's arm and at that time, noticed he wasn't breathing. Bogard stated he then checked for vidals and noticed there was no pulse present. Bogard stated Gaenslen had gone back to the ambulance to obtain a suction device and a defibrillator. Bogard stated Gaenslen had also called for MFD. Bogard stated the time that passed was less than a minute from breathing to not breathing.

Bogard stated once Gaenslen returned, she began chest compressions on Kriewaldt, while he attached the defibrillator. Bogard stated he took over chest compressions while Gaenslen set up the suction device. Bogard stated Gaenslen was having trouble with the suction device, so they switched jobs. Bogard stated Gaenslen continued with the compressions. Bogard stated he was able to get the suction machine working, then attached the defibrillator. Bogard stated the defibrillator advised no shock needed. Bogard stated Glenslen placed a nasal airway on Kriewaldt and they administered 6 ounces of oxygen. Bogard stated he observed Kriewaldt's pupils were fixed. Bogard stated MFD arrived then.

Bogard stated he heard someone in the background remark Kriewaldt was on "a lot of psych meds", but doesn't know who said this.

End of report.
